

Hi, I'm Sharath

Engineer & Design Thinker

hi @ sharathsundar.com

Senior UX Designer, **PerkinElmer**

Aug '17 to Present | Guelph, ON

Leading the user experience strategy for 3 global user-facing clinical products. Helping create design thinking methodologies for a global organization, mentor junior UX designers, and helping establish a design system. Received 2 innovation awards for my design work.

UI/ UX Designer, **HockeyTech**

Mar '16 to Aug '17 | Waterloo, ON

Built a cohesive design experience at HockeyTech. Took designs from the previous Windows based program and rapidly iterated it into an award winning responsive web and an ios app while working in an agile team as a scrum master.

Program Manager/ UX Designer, **Higgins**

Sep '14 to Feb '16 | Toronto, ON

Worked with end users to conduct user studies and and iterated with the front end design team and graphic agency to create beautiful, simple and immersive UX. Led a team to push forward the design and development of the mobile POS (Point of Sale) system.

Interaction Designer, **SAP**

Sep '11 to Dec '11 and Jan '11 to Apr '11 | Waterloo, ON

Led the design of an iPhone app that could help revolutionize how humanity interacts with biodiversity. Collaborated in an interdisciplinary team and came up with overall information architecture, design language and hi-fidelity wireframes using Illustrator.

Product Designer, **D2L**

May '10 to Aug '10 and Jan '11 to Apr '11 | Kitchener, ON

Redesigned new user profiles, security permissions and online/offline state using Balsamiq and Axure. Led revamp for the new and simple Role switch tool that solved previous usability issues. Designed the new colour picker tool by conducting usability and accessibility tests.
